

# AVGO® PREMIUM SWY Series

## PREMIUM SLIDEWAY OIL

**AVGO PREMIUM SWY Series** is a development of lubricant oil for slide-way application, it has excellent Extreme Pressure additive to provide a high level of lubricity, proper stick-slip characteristic, and anti-oxidant for long life.

Heavily-loaded slide ways require increased lubrication characteristics to prevent unwanted metal-to-metal contact. The machine components required formulated oil to drastically reduce friction and increase the performance of slideways, which are also known as linear bearings.
